WELCOME

About KRAFTVIEW

We are a custom cabinet manufacturer and wholesaler located in San Leandro. We use high-quality German machines and advanced Hot Air edge banding technology to ensure high-quality production of cabinets. Our professional production team and design team will treat each cabinet with the best and most professional attitude.

Three FINE SERIES

Kraftview also provides customers with a vibrant selection space; Kensington, Dresden, and Mayfair three series, from unconventional modern style to traditional style, can be presented with the simple lines of European cabinets.

When you come to Kraftview, you will feel our most considerate service, experience our most exquisite quality, and enjoy our limited lifetime quality guarantee.

Kensington

Dresden

Mayfair

Our lines are smooth, and every detail reflects our craftsmanship and European-style minimalist line aesthetics. Perfect binding, smooth lines, and dowel construction make for a cleaner look.

**WE

LIMITED LIFETIME WARRANTY

At Kraftview, we are proud of the quality, design, and construction of our cabinetry. To show our commitment to our products and customers, we provide a lifetime limited warranty against defects in material and workmanship beginning on the date of shipping/pick up from our factory. Our cabinetry is specifically manufactured for use in interior applications excluding garages and/ or other exterior applications. Usage in any other application is not covered by this warranty. This warranty is not transferable. Claims under warranty are limited to replacement products only. Transportation, shipping charges, and installation labor are the responsibility of the purchaser. Warranty is void on any products altered or repaired in the field by unauthorized labor. The warranty could be void for products stored in non-climate-controlled conditions prior to and during installation. Authorized warranty work performed or replacement parts provided does not extend the warranty period any further. Warranty is void on products stored in non-temperature-controlled environments before installation.

Modern

European modern style,
taste your life

Quality

Meticulous, attentive, quality
is always satisfactory

Minimal

Simple lines make your vision
comfortable every day, never
get tired of seeing it
